

Digital Student Agreement

When we use digital technologies, we need to know how to keep ourselves safe and make good choices. We can all play our part to make our school a safe and positive place for everyone.

As a member of the school community, I agree to:

Be kind online

Keep my password and login safe

Think before I share

Use my school devices for learning

Only talk online with people I know in real life

Only share photographs or videos if I have others' permission

Look after devices

Seek help if I need it

Tawhai School agrees to:

- Help you know how to stay safe online
- Help you with what to do if you are worried or upset by anything or anyone online
- Have learning times about the safe use of technology and online learning

Student statement

I know about the ways I should use digital devices and online spaces at school for learning.

I know that if I do not follow this agreement or make a mistake using technology, there may be some actions that my school might have to take.

I know that if I bring my own personal digital device, it must be turned off and kept out of sight during school hours.

I know my teachers are available to help if I need it.
